Covid-19 figures

Public Health Wales has reported a further 100 new confirmed cases of coronavirus in Wales, bringing the total number of cases to 15,126, with one new cases in Powys, the total for the county stands at 297 cases although the figure is likely to be much higher.

Figures issued by the Office of National Statistics (ONS) on the number of deaths in Powys attributed, either wholly or in part to COVID-19, as at June 13 was 89 – 46 in care homes, 36 in hospital and seven at home.

Powys high streets to safely reopen

Preparations are underway to safely reopen town centres today following Welsh Government's announcement that non-essential retail can resume in Wales.

Powys County Council is putting the appropriate measures in place to ensure businesses are supported to operate safely at this challenging time as many open their doors again.

Businesses are being urged to familiarise themselves with the latest guidance and take the necessary precautions.

Powys support North Wales

Powys staff have been providing mutual aid to colleagues in North Wales as part of the Test, Track and Protect initiative. Staff have been supporting colleagues in Wrexham allowing North Wales staff to focus on responding to the major outbreak in Gwynedd and Anglesey when more than 150 people have tested positive for COVID19.

Welsh Government

On Friday 19 June First Minister Mark Drakeford announced a package of measures to further unlock Wales' coronavirus regulations. The changes focus mainly on Wales' economy and education system.

Ministers will lift the stay local requirement on July 6, if conditions allow it.

The First Minister has also signalled that Wales' tourism sector and hairdressers should begin to make preparations to reopen following the next statutory review on 9 July.
